

Here are the comments from January 2013. I have made a few adjustments here and there and I have also added a few comments of my own. **They are in RED.**

1. It's like you're reading my mind! You appear to know so much about this, as if you wrote the book or something. I think you could do with some pics to drive the message home a little bit, but other than that, this is a fantastic blog and a fantastic read. I will certainly be back. **I have written three books and all of these posts are related to the ideas in the books. See the post called - BOOKSHOP...or Interview with the Author.**
2. This website is a walk-through, it has all of the information you need but didn't know who to ask. Read this stuff and you'll undoubtedly find out something. There's a bundle to learn from your posts. You sure make good points. **Thanks.**

I most definitely will make certain not to disregard this website again. ***I get that comment a lot...but no one ever explains just why they needed or what they were going to do with it.***

11. A word of thanks to the writer. The skill of creating a document is a very useful one. I appreciate your understanding of your subject matter. Great post, really enjoyed it!— Jewel. I do not post all that often Jewel, as it does take a long time to perfect a blog, but it seems that a lot of people like what they read and that's what matters.
